

DIPC POST-DOCTORAL POSITIONS

The Donostia International Physics Center DIPC is currently accepting applications for postdocs. This is a unique opportunity for highly motivated researchers to develop a research career joining some of the DIPC high-profile research teams.

Financial support will be provided through an employment contract with the DIPC for a period of 1 year (renewable up to a maximum of 3 years), associated with the European grant ERC-STG-716151-BACCO.

Applicants are required to hold a PhD degree in physics, chemistry or material science.

Next review of applications is scheduled for January 14 2019. Applications will be evaluated by a Committee designed by the DIPC board on the basis of the following criteria (with point weights indicated in parentheses):

- CV of the candidate (40%)
- Adequacy of the candidate's scientific background to the project (40%)
- Statement of interest and reference letters (10%)
- Others: Diversity in gender, race, nationality, etc. (10%)

Evaluation results will be communicated to the candidates soon after. Positions will only be filled if qualified candidates are found.

JOB OPENINGS

- Postdoctoral Position in Cosmology

Supervisor (contact person): Raul Angulo (reangulo@gmail.com).

Reference: 2018/48

The "Donostia International Physics Center" (DIPC), located in Donostia/San Sebastian, Spain, is accepting applications for a postdoctoral position in Cosmology. Applicants with expertise in cosmological probes, numerical simulations, modelling of galaxy and dark matter structures, and/or data analysis, are particularly encouraged to apply.

The successful candidate will join a group on computational cosmology led by Prof. Raul Angulo and be part of the project "Maximising Discovery with Galaxy Surveys" funded by an ERC Starting Grant.

The start of the appointment is September 2019, although a later date is possible. The duration of the position will be 2 years, with the possibility of an extension for a third year. The position has generous travel funds and the co-supervision of PhD and summer students is possible and encouraged.

Interested candidates, please send:

- 1) a CV,
- 2) a brief statement of interests and goals (maximum 3 pages), and
- 3) a publication list,

via e-mail to postdoc@dipc.org (Subject: "Cosmology Postdoc 2019"). Additionally, the candidate should arrange for 3 reference letters to be sent to the same e-mail address.

For full consideration, applications should be received by January 14th, 2019.

This project has received funding from the European Research Council (ERC) under the European Union's Horizon 2020 research and innovation programme (grant agreement No 716151).
