

RESOLUTION OF PRE-DOCTORAL DIPC POSITIONS 2017

Resolution of the President of the *Donostia International Physics Center* Foundation, of March 27th 2017, assigning a PhD research position.

The DIPC Foundation opened a selection procedure for filling a predoctoral research position within the project entitled “Photocatalytic Upconverting Nanomaterials For Metal-based Photochemotherapy” (Reference 2017/2).

The Technical Evaluation Commission designed for this purpose evaluated the *curricula* of the researchers applying for this call and raised its proposal.

In view of the proposal raised by the Technical Evaluation Committee and approved by the Executive Committee on March 27th 2017,

I RESOLVE

To assign to Juan Gurruchaga Pereda, with a degree in Environmental Sciences by the University of the Basque Country UPV/EHU, the following pre-doctoral position at the *Donostia International Physics Center* Foundation,

Project: Photocatalytic Upconverting Nanomaterials For Metal-based Photochemotherapy

Duration of the contract: 1 year renewable up to a maximum period of 4 years, contingent upon performance

Tentative starting date of contract: April 3rd 2017

Supervisor: L. Salassa

Donostia, March 27th 2017

Pedro M. Echenique
President of the DIPC Foundation
