

RESOLUTION OF PRE-DOCTORAL DIPC POSITIONS 2017

Resolution of the Director of the *Donostia International Physics Center* Foundation, of November 13th 2017, assigning a PhD research position.

The DIPC Foundation opened a selection procedure for filling a predoctoral research position within the project entitled “Relaxation of electronic states of magnetic add-atoms at surfaces considering Numerical Renormalization Group (NRG).” (Reference 2017/14).

The Technical Evaluation Commission designed for this purpose evaluated the *curricula* of the researchers applying for this call and raised its proposal.

In view of the proposal raised by the Technical Evaluation Committee and approved by the Executive Committee on November 13th 2017,

I RESOLVE

To assign to Haritz Garai, with a degree in Physics by the University of the Basque Country UPV/EHU, the following pre-doctoral position at the *Donostia International Physics Center* Foundation,

Project: Relaxation of electronic states of magnetic add-atoms at surfaces considering Numerical Renormalization Group (NRG)

Duration of the contract: 1 year renewable up to a maximum period of 4 years, contingent upon performance

Tentative starting date of contract: November 15th 2017

Supervisor: A. Eiguren, I. G. de Gurtubay

Donostia, November 13th 2017

Ricardo Díez Muiño
Director of the DIPC Foundation

RESOLUTION OF PRE-DOCTORAL DIPC POSITIONS 2017

Resolution of the Director of the *Donostia International Physics Center* Foundation, of November 13th 2017, assigning a PhD research position.

The DIPC Foundation opened a selection procedure for filling a predoctoral research position within the project entitled “Looking for new fermions in conventional crystals” (Reference 2017/15).

The Technical Evaluation Commission designed for this purpose evaluated the *curricula* of the researchers applying for this call and raised its proposal.

In view of the proposal raised by the Technical Evaluation Committee and approved by the Executive Committee on November 13th 2017,

I RESOLVE

To assign to Iñigo Robredo, with a degree in Physics by the University of the Basque Country UPV/EHU, the following pre-doctoral position at the *Donostia International Physics Center* Foundation,

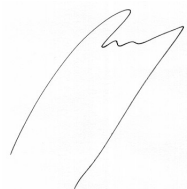

Project: Looking for new fermions in conventional crystals

Duration of the contract: 1 year renewable up to a maximum period of 4 years,
contingent upon performance

Tentative starting date of contract: November 15th 2017

Supervisor: A. Bergara, M.G. Vergniory

Donostia, November 13th 2017

Ricardo Díez Muiño
Director of the DIPC Foundation

RESOLUTION OF PRE-DOCTORAL DIPC POSITIONS 2017

Resolution of the Director of the *Donostia International Physics Center* Foundation, of November 13th 2017, assigning a PhD research position.

The DIPC Foundation opened a selection procedure for filling a predoctoral research position within the project entitled “Study of Intracuclear Functions” (Reference 2017/16).

The Technical Evaluation Commission designed for this purpose evaluated the *curricula* of the researchers applying for this call and raised its proposal.

In view of the proposal raised by the Technical Evaluation Committee and approved by the Executive Committee on November 13th 2017,

I RESOLVE

To assign to XU Xiang, with a degree in Chemistry by the University of Zhengzoy (China), the following pre-doctoral position at the *Donostia International Physics Center* Foundation,

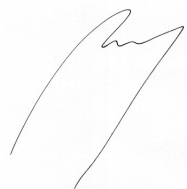

Project: Study of Intracuclear Functions

Duration of the contract: 1 year renewable up to a maximum period of 4 years,
contingent upon performance

Tentative starting date of contract: January 1st 2018

Supervisor: E. Matito, X. López

Donostia, November 13th 2017

Ricardo Díez Muiño
Director of the DIPC Foundation

RESOLUTION OF PRE-DOCTORAL DIPC POSITIONS 2017

Resolution of the Director of the *Donostia International Physics Center* Foundation, of November 13th 2017, assigning a PhD research position.

The DIPC Foundation opened a selection procedure for filling a predoctoral research position within the project entitled “TDDFT approach for the direct calculation of exciton binding energies” (Reference 2017/21).

The Technical Evaluation Commission designed for this purpose evaluated the *curricula* of the researchers applying for this call and raised its proposal.

In view of the proposal raised by the Technical Evaluation Committee and approved by the Executive Committee on November 13th 2017,

I RESOLVE

To assign to Mikel Arruabarrena, with a degree in Physics by the University of the Basque Country UPV/EHU, the following pre-doctoral position at the *Donostia International Physics Center* Foundation,

Project: TDDFT approach for the direct calculation of exciton binding energies

Duration of the contract: 1 year renewable up to a maximum period of 4 years,
contingent upon performance

Tentative starting date of contract: December 1st 2017

Supervisor: A. Leonardo

Donostia, November 13th 2017

Ricardo Díez Muiño
Director of the DIPC Foundation

RESOLUTION OF PRE-DOCTORAL DIPC POSITIONS 2017

Resolution of the Director of the *Donostia International Physics Center* Foundation, of November 13th 2017, assigning a PhD research position.

The DIPC Foundation opened a selection procedure for filling a predoctoral research position within the project entitled “Manipulation of collective ground states in highly correlated transition metal dichalcogenides” (Reference 2017/24).

The Technical Evaluation Commission designed for this purpose evaluated the *curricula* of the researchers applying for this call and raised its proposal.

In view of the proposal raised by the Technical Evaluation Committee and approved by the Executive Committee on November 13th 2017,

I RESOLVE

To assign to Paul Dreher, with a degree in Physics by the University of Innsbruck (Austria), the following pre-doctoral position at the *Donostia International Physics Center* Foundation,

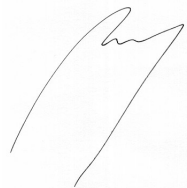

Project: Manipulation of collective ground states in highly correlated transition metal dichalcogenides

Duration of the contract: 1 year renewable up to a maximum period of 4 years, contingent upon performance

Tentative starting date of contract: January 8th 2018

Supervisor: M.M. Ugeda

Donostia, November 13th 2017

Ricardo Díez Muiño
Director of the DIPC Foundation
