

RESOLUTION OF POST-DOCTORAL DIPC POSITIONS 2018

Resolution of the Director of the *Donostia International Physics Center* Foundation, of January 30th 2018, by which a research position is awarded.

The DIPC Foundation opened a selection procedure for filling a post-doctoral research position within the project entitled "*Development of electronic structure methods for excited states*" (Reference 2018/3).

The Technical Evaluation Committee designed for this purpose evaluated the *curricula* of the researchers applying for this call and raised its proposal.

In view of the proposal raised by the Technical Evaluation Committee and approved by the Executive Committee on January 30th 2018,

I RESOLVE

To assign to Abel Carreras, with a degree in Chemistry by the University of Barcelona, the following post-doctoral position at the *Donostia International Physics Center* Foundation,

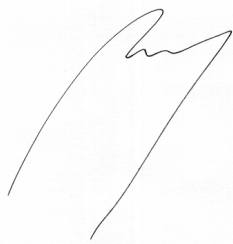

Project: Development of electronic structure methods for excited states

Duration of the contract: 1 year contract with the possibility of a 2/3-year extension contingent upon performance and funding

Tentative starting date of contract: March 1st 2018

Principal Investigator: D. Casanova

Donostia, March 1st 2018

Ricardo Díez Muiño
Director of the DIPC Foundation

RESOLUTION OF POST-DOCTORAL DIPC POSITIONS 2018

Resolution of the Director of the *Donostia International Physics Center* Foundation, of January 30th 2018, by which a research position is awarded.

The DIPC Foundation opened a selection procedure for filling a post-doctoral research position within the project entitled “*Ab initio studies on the electronic, elastic and reactive properties of High Entropy Alloys*” (Reference 2018/10).

The Technical Evaluation Committee designed for this purpose evaluated the *curricula* of the researchers applying for this call and raised its proposal.

In view of the proposal raised by the Technical Evaluation Committee and approved by the Executive Committee on January 30th 2018,

I RESOLVE

To assign to Natalia Koval, with a degree in Physics by the Adyghe State University (Russia), the following post-doctoral position at the *Donostia International Physics Center* Foundation,

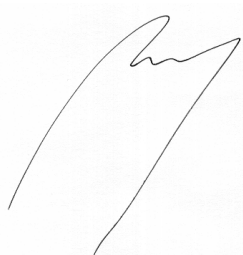

Project: Ab initio studies on the electronic, elastic and reactive properties
of High Entropy Alloys

Duration of the contract: 1 year contract with the possibility of a 2/3-year
extension contingent upon performance and funding

Tentative starting date of contract: April 1st 2018

Principal Investigator: M. Alducin

Donostia, January 30th 2018

Ricardo Díez Muiño
Director of the DIPC Foundation
